Bad Day

Underscore = sopranos

Bold = altos

Blue = men

Red = solo

Where is the moment we needed the most

You kick up the leaves and the magic is lost

(Noe) They tell me your blue skies fade to grey

They tell me your passion's gone away

And I don't need no carrying on

You stand in the line just to hit a new low

You're faking a smile with the coffee to go

Now you tell me your life's been way off line

You're falling to pieces ev'ry time

And I don't need no carrying on

'Cause you had a bad day

You're taking one down

You sing a sad song just to turn it around

You say you don't know

You tell me 'don't lie'

You work at a smile and you go for a ride

You had a bad day

The camera don't lie

You're coming back down and you really don't mind

You had a bad day

You had a bad day

Well, you need a blue sky holiday

The point is they laugh at what you say

And I don't need no carrying on

You had a bad day

You're taking one down

You sing a sad song just to turn it around

You say you don't know

You tell me 'don't lie'

You work at a smile and you go for a ride

You had a bad day

The camera don't lie (bad day)

You're coming back down and you really don't mind

(bad day)

You had a bad day

Oh

Sometimes the system goes on the blink

And the whole thing it turns out wrong

You might not make it back and you know

That you could be well, oh, that strong

Well I'm not wrong

(yeah, yeah)

So where is the passion when you need it the most

Oh, you and I

You kick up the leaves and the magic is lost

'Cause you had a bad day

You're taking one down

You sing a sad song just to turn it around

You say you don't know

You tell me 'don't lie'

You work at a smile and you go for a ride

You had a bad day

You've seen what you like

And how does it feel for one more time

You had a bad day

You had a bad day

You had a bad day **You had a bad day**

You had a **bad day** You had a bad day

You had a bad day **You had a bad day**

You had a **bad day** You had a bad day

Blame It On The Boogie

Underscore = sopranos

Bold = altos

Blue = men

Red = solo

My baby's always dancin'

And it wouldn't be a bad thing

But I don't get no lovin'

And **that's no lie**

Tip: 'Nasty'

American

accent!

We spent the night in Frisco

At every kind of disco

From that night I kissed our love goodbye

[Chorus]

Don't blame it on the ***sunshine**

Don't blame it on the **moonlight**

Don't blame it on the good times

Blame it on the boogie

Don't blame it on the **sunshine**

Don't blame it on the **moonlight**

Don't blame it on the good times

Blame it on the boogie

That nasty boogie bugs me

But somehow it has drugged me

Spellbound rhythm gets me - on my feet

I've changed my life completely

I've seen the lightning leave me

And my baby just can't take her eyes off me

[Chorus]

I just can't, I just can't, I just can't control my feet

(x4)

*[Chorus from *]*

This magic music (it) grooves me

That dirty rhythm (it) fools me

The devil's gotten to me (it's got me) through this
dance

I'm full of funky (a) fever

A fire burns inside me

Boogie's got me in a super trance

[Chorus]

[with solo ad libs]

Sunshine, Moonlight

Good times, Boogie

(x2)

Bohemian Rhapsody

Underscore = sopranos

Bold = altos

Blue = men

Red = solo

Is this the real life?

Is this just fantasy?

Caught in a landslide,

No escape from reality.

Open your eyes,

Look up to the skies and see,

(ooh) I'm just a poor boy **(poor boy)**, I need no sympathy,

Because I'm easy come, easy go,

Little high, little low,

(ooh) Any way the wind blows doesn't really matter to me, to me.

Mama, just killed a man,

Put a gun against his head,

Pulled my trigger, now he's dead.

Mama, life had just begun,

But now I've gone and thrown it all away.

{solo continues with men} Mama, ooh,

Didn't mean to make you cry,

If I'm not back again this time tomorrow,

Carry on, carry on as if nothing really matters. {end solo}

Too late, my time has come,

Sends shivers down my spine,

Body's aching all the time.

Goodbye, everybody, I've got to go,

Gotta leave you all behind and face the truth.

(ooh) Mama, ooh (any way the wind blows),

(ooh) I don't wanna die,

(ooh ooh ooh ooh) I sometimes wish I'd never been
born at all. (ooh ooh)

I see a little silhouetto of a man,

Scaramouche, Scaramouche, will you do the

Fandango?

Thunderbolt and lightning,

Very, very frightening me.

(Galileo) Galileo.

(Galileo) Galileo,

Galileo Figaro

Magnifico-o-o-o-o.

I'm just a poor boy, nobody loves me.

He's just a poor boy from a poor family,

Spare him his life from this monstrosity.

Easy come, easy go, will you let me go?

Bismillah! **No, we will not let you go. (Let him go!)**

Bismillah! **We will not let you go. (Let him go!)**

Bismillah! **We will not let you go. (Let me go!)**

Will not let you go. (Let me go! Will not let you go!)

Never, never, never, never let me go

No, no, no, no, no, no, no.

Oh, mama mia, mama mia (Mama mia, let me go.)

Beelzebub has a devil put aside for me, for me, for me.

So you think you can stone me and spit in my eye?

So you think you can love me and leave me to die?

Oh, baby, can't do this to me, baby,

Just gotta get out, just gotta get right outta here.

(Ooooh, oh yeah, oh yeah)

Nothing really matters,

Anyone can see,

Nothing really matters,

Nothing really matters to me.

Any way the wind blows.

Can't Stop The Feeling

Underscore = sopranos

Bold = altos

Blue = men

Red = solo

[Verse 1]

I got this feeling inside my bones

It goes electric, wavy when I turn it on

All through my city, all through my home

We're flying up, no ceiling, when we in our zone

[Pre-Chorus]

I got that sunshine in my pocket

Got that good soul in my feet

I feel that hot blood in my body when it drops Ooh

I can't take my eyes up off it, **moving so phenomenally**

Room on lock, the way we rock it, so don't stop

[Chorus]

And under the lights when everything goes (aah ooh)

Nowhere to hide when I'm getting you close (aah ooh)

When we move, well, you already know (aah ooh)

So just imagine, just imagine, just imagine

Nothing I can see but you when you dance, dance, dance

Feel the good, good, creeping up on you

So just dance, dance, dance, come on

All those things I should do you

But you dance, dance, dance

And ain't nobody leaving soon, so keep dancing

[Post-Chorus 1]

I can't stop the feeling

So just dance, dance, dance

I can't stop the feeling

So just dance, dance, dance, come on

[Verse 2]

Ooh, it's something magical

It's in the air, it's in my blood, it's rushing on (rushing on)

I don't need no reason, don't need control (need control)

I fly so high, no ceiling, when I'm in my zone

[Pre-Chorus]

Cause I got that **sunshine in my pocket**

Got that **good soul in my feet**

I feel that hot blood in my body when it drops, ooh

I can't **take my eyes up off it**, moving so phenomenally

[Chorus]

Under the lights when everything goes (aah ooh)

Nowhere to hide when I'm getting you close (aah ooh)

When we move, well, you already know (aah ooh)

Feel the good, good, creeping up on you
So just dance, dance, dance, come on
All those things I should do you
But you dance, dance, dance
And ain't nobody leaving soon, so keep dancing

[Post-Chorus 2]

I can't stop the feeling
So just dance, dance, dance
I can't stop the feeling
So just dance, dance, dance
I can't stop the feeling
So just dance, dance, dance
I can't stop the feeling (yeah)
So keep dancing, come on

[Bridge]

Oh, I can't stop the, I can't stop the
I can't stop the, I can't stop the, I can't stop the feeling

[Chorus]

Nothing I can see but you when you dance, dance,
dance
(I can't stop the feeling)
Feeling good, good, creeping up on you

(I can't stop the feeling)

All those things I should do to you

But you dance, dance, dance

(I can't stop the feeling)

And ain't nobody leaving soon, so keep dancing

[Post-Chorus 3]

Everybody sing (I can't stop the feeling)

Got this feeling in my body

(I can't stop the feeling) **Got this feeling in my body**

(I can't stop the feeling) **Wanna see you move your
body**

(I can't stop the feeling) **Got this feeling in my body,
come on**

Break it down **Got this feeling in my body**

I can't stop the feeling

Don't Worry About Me

Underscore = sopranos

Bold = altos

Blue = tenors

Red = solo

I'll feel the fear for you,

I'll cry your tears for you

I'll do anything I can to make you comfortable

Even if I fall down when you're not around

Don't worry about me, don't worry about me

'Cause if I fall, you'll fall

And if I rise, we'll rise together

When I'll smile, you'll smile

Don't worry about me, don't worry about me

I'll feel the fear for you, I'll cry your tears for you

I'll do anything I can to make you comfortable

Even if I fall down when you're not around

Don't worry about me, don't worry about me

I'll climb the hills you face, I'll do this in your place

I'd do anything to go through it instead of you

But even if I fall down when you're not around

Don't worry about me, don't worry about me

'Cause if I fall, you'll fall

And if I rise, we rise together

When I'll smile, you'll smile

Don't worry about me, don't worry about me (oo, oo)

'Cause if I fall, you'll fall

And if I rise, we rise together

When I'll smile, you'll smile

Don't worry about me, don't worry about me (oo)

Mm, mm, mm, mm

'Cause if I fall, you'll fall

And if I rise, we'll rise together

When I smile, you'll smile (Mm)

Eye of The Tiger

Underscore = sopranos

Bold = altos

Blue = men

Red = solo

Rising up, back on the street

Did my time, took my chances

Went the distance, now I'm back on my feet

Just a man and his will to survive

So many times it happens too fast

You trade your passion for glory

Don't lose your grip on the dreams of the past

You must **fight** just to **keep them alive**

[Chorus]

It's the eye of the tiger

It's the thrill of the fight

Rising up to the challenge of our rival

And the last known survivor

Stalks his prey in the night

And he's watching us all with the eye of the tiger

Face to face **(face to face)**

Out in the heat **(out in the heat)**

Hanging tough, staying **hungry**

They stack the odds still we take to the street

For the kill with the skill to survive

**Tip: short
and sharp.
Only one
rival!**

[Chorus]

Rising up (rising up)

Straight to the top (straight to the top)

Had the guts, got the glory

Went the distance, now I'm not gonna stop

Just a man and his will to survive

[Chorus – head up at end]

He's watchin' us for the fight

With the eye **(the eye of the tiger)**

He's watching us in the night

With the eye **(the eye of the tiger)**

He's watchin' us **(he's watching us all)** for the fight

With the eye **(the eye of the tiger)**

He's watchin' us **(he's watching us all)** in the night

With the eye

The eye of the tiger

Firework

Underscore = sopranos

Bold = altos

Blue = men

Red = solo

Do you ever feel like a plastic bag

Drifting through the wind, wanting to start again?

Do you ever feel, feel so paper thin

Like a house of cards, one blow from caving in?

Do you ever feel already buried deep?

**Six feet under screams but no one seems to hear a
thing**

Do you know that there's still a chance for you

'Cause there's a spark in you?

[Pre-Chorus]

You just gotta ignite the light and let it shine

Just own the night like the 4th of July

[Chorus]

'Cause, baby, you're a firework

Come on, show 'em what you're worth

Make 'em go, "Aah, aah, aah"

As you shoot across the sky-y-y

Baby, you're a firework

Come on, let your colours burst

Make 'em go, "Aah, aah, aah"

You're gonna leave 'em all in awe, awe, awe

You don't have to feel like a wasted space

You're original, cannot be replaced

If you only knew what the future holds

After a hurricane comes a rainbow

Maybe a reason why all the doors are closed

So you could open one that leads you to the perfect
road

Like a lightning bolt, your heart will glow

And when it's time you'll know

[Pre-Chorus]

[Chorus]

Boom, boom, boom

Even brighter than the moon, moon, moon

It's always been inside of you, you, you

And now it's time to let it through-ough-ough

[Chorus]

Boom, boom, boom

Even brighter than the moon, moon, moon

Boom, boom, boom

Even brighter than the moon, moon, moon

Friends

Underscore = sopranos

Bold = altos

Blue = men

Red = solo

I wouldn't be here if it wasn't for you

You never stopped believing that I could see it
through

I know I'd be lost and that is the truth

I know that I'm not easy, but you've made my life
brand new

[Pre-Chorus]

Shouldering all my burdens, and you look me in the
eye

And I know through it all, you'll be here by my side.

[Chorus]

My stronghold, I can depend.

Through my struggles and trials, a hand you lend.

Share my joys, my everything.

My truest of friends you have always been.

My truest of friends you have always been.

I need to be clear, if it wasn't for you,

I would have stopped believing, that I could start anew

You took me at my worst when you didn't need to.

I know it wasn't easy, going far beyond your due.

[Pre-Chorus]

[Chorus]

And through it all, your strength was always there
surrounding me, my friend.

My friend.

If tables turn, I hope I've learned to do the same for
you, my friend.

My friend.

Halo

Bold = altos

[4 bars]

Remember those walls I built?

Well, baby they're tumblin'down

And they didn't even put up a fight

They didn't even make a sound

I found a way to let you in,

But, I never really had a doubt

Standing in the light of your halo

I got my angel now

[Pre-chorus]

Oh It's like I've been awakened

Every rule I had you breakin'

Ah It's the risk that I'm takin'

I ain't never gonna shut you out!

[Chorus]

Everywhere I'm looking now

I'm surrounded by your embrace

Baby, I can see your halo

You know you're my saving grace

You're everything I need and more

It's written all over your face

Baby, I can feel your halo

Pray it won't fade away

Halo, can feel your halo, etc.

(Ah...) Hit me like a ray of sun

Burning through my darkest night

(oo / halo) You're the only one that I want

Think I'm addicted to your light

I swore I'd never fall again

But this don't even feel like fallin

Gravity can't forget to pull me back to the ground

again

Pre-Chorus

Chorus

Halo, can feel your halo, etc.

Halo, ooh ooh... (ooh)

Your Halo!

Hello

Underscore = sopranos

Bold = altos

Blue = men

Red = solo

Hello, it's me

I was wondering if after all these years you'd like to meet

To go over everything

They say that time's supposed to heal ya

But I ain't done much healing

Hello, can you hear me?

I'm in California dreaming about who we used to be

When we were younger and free

I've forgotten how it felt before the world fell at our feet

There's such a difference between us

And a million miles

[Chorus]

Hello from the other side

I must have called a thousand times

To tell you I'm sorry for everything that I've done

But when I call you never seem to be home

Hello from the outside

At least I can say that I've tried
To tell you I'm sorry for breaking your heart
But it don't matter. It clearly doesn't tear you apart
anymore

Hello, how are you?

It's so typical of me to talk about myself. I'm sorry

I hope that you're well

Did you ever make it out of that town where nothing
ever happened?

It's no secret that the both of us

Are running out of time

So...

[Chorus - S on melody, others echo]

Haa Haa Haa Haa Hoo Hoo Hoo Hoo [oooh anymore]

(x4)

Just Give Me A Reason

Underscore = sopranos

Bold = altos

Blue = men

Red = solo

Right from the start, you were a thief

You stole my heart

And I your willing victim

I let you see the parts of me

That weren't all that pretty

And with every touch you fixed them

Now you've been talking in your sleep, oh, oh

Things you never say to me, oh, oh

Tell me that you've had enough

Of our love, our love

[Chorus]

Just give me a reason

Just a little bit's enough

Just a second we're not broken just bent

And we can learn to love again

(below on 2nd Ch only)

It's in the stars

/ I never stopped

It's been written in the scars on our hearts / You're still...

We're not broken just bent

/ You're not broken...

And we can learn to love again

I'm (Hoo, etc.) sorry I don't understand

Where all of this is coming from

I thought that we were fine (Oh, we had it all, hoo)

Your head is running wild again

My dear we still have everythin'

And it's all in your mind (Yeah, but this is happening)

You've been havin' real bad dreams, oh, oh

You used to lie so close to me, oh, oh

There's nothing more than empty sheets

Between our love, our love

Oh, our love, our love

Chorus 2 (lyrics on right)

(Hoo, etc.) Oh, tear ducts and rust I'll fix it for us

We're collecting dust, But our love's enough

You're holding it in You're pouring a drink

No nothing is as bad as it seems

We'll come clean

Chorus in unison

Chorus in parts - THAT we're not broken

Oh, we can learn to love again [x2]

Oh, oh, that we're not broken just bent

And we can learn to love again

Let Me Down Easy

Underscore = sopranos

Bold = altos

Blue = men

Red = solo

Oh let me down easy

Let me down easy, woah, before you go

Pa pa pa pada dap... pa pa pa pada dap...

Night and day I've been doing the math

To calculate where we wandered off track

But I know, that this love was never easy

But something's faded inside of your heart

Now you're crusading to tear us apart

It's clear now, I know you're gonna leave me

So disappear now, I won't get in your way

Oh let me down easy

Let me down easy, woah, before you go

Well how do I begin to convince you to love me

When you're a star in the sky up above me

And I'm too far down below

Your heavy heart is taking it's toll

You've lost all the magic inside of your soul

So sell me a lie before you hit the road

Oh let me down easy

Let me down easy, woah, before you go

Woah yeah cause I know you'd rather run than stay
and try (pa pa pa pada dap...)

Cause I know it's that much easier to say goodbye
(pa pa pa pada dap...)

Yes I know, so if you've made your mind

Take what you want and get out of my life

But can you do this one last thing (pa pa pa pada...)

And leave me with my pride...

Oh let me down easy

Let me down easy, woah, before you go

Oh let me down easy

Let me down easy, woah, before you go (pa pa pa
pada dap...)

Chorus with pa pa's (While altos sing verse 1)

So disappear now, I won't get in your way

Head in his hands, he sits by the fire
To steal a little warmth for a cold and empty night
A bench for a bed, alone in the dark,
He's hoping that sunrise will bring a brand new start.

They say he's down on his luck
At the end of his rope,
But you and I can bring back hope.

[Chorus]

Oh, what about others,
We're all sisters and brothers.
There's a world outside that needs us.
We can make a change.
Gotta think about others, beyond a doubt, others
There's a world outside that needs us
We can make a change.

She's on her own, hurting inside
Her precious family, now memories she hides **(oh)**
People pass by **(people pass by, ooh)**
But they just don't care, they see right past her **(ooh)**
Through a cold and distant stare
Is it true that they don't care?

You say she's **down on her luck**
At the end of her rope
But I know we can bring back hope.

[Chorus] [sops – add the high part this time!]

Dig a little deeper, and give a little more.
Take the time to help each other weather the storm.
We've all faced our times of trouble,
We've been there before.
Time to open up our hearts again once more.

[Chorus]

Oh, others,
Sisters and brothers,
There's a world outside that needs us
We can make a change
Gotta think about others, beyond a doubt, others
There's a world outside that needs us
We can make a change.
There's a world outside that needs us
Each and every day.
There's a world outside that needs us
We can make a change.

Hit the bottom, hit the ground
Ooh, you're not alone
Just take a breath, don't forget
Hang on to the promises
I want you to know

I used to bite my tongue and hold my breath

Scared to rock the boat and make a mess

So I sat quietly, agreed politely

Whou **I guess that I forgot I had a choice**

I let you push me past **the breaking point**

I stood for nothing, so I fell for everything

[Pre-Chorus:]

You held me down, but I got up (HEY!)

Already brushing off the dust (Whou)

You hear my voice, you hear that sound

Like thunder gonna shake the ground

You held me down, but I got up (HEY!)

Get ready 'cause I've had enough (Whou)

I see it all, I see it now

[Chorus:]

**I got the eye of the tiger, a fighter, dancing through the

'Cause I am a champion and you're gonna hear me roar

Louder, louder than a lion

'Cause I am a champion and you're gonna hear me roar

Royals

I've never seen a diamond in the flesh

I cut my teeth on wedding rings in the movies

And I'm not proud of my address,

In a torn-up town, no postcode envy

Pre-Chorus

But every song's like gold teeth, grey goose, trippin'
in the bathroom

Blood stains, ball gowns, trashin' the hotel room,

We don't care, we're driving Cadillacs in our dreams.

But everybody's like Cristal, Maybach, diamonds on
your timepiece.

Jet planes, islands, tigers on a gold leash.

We don't care, **we aren't caught up in your love affair.**

Chorus

And we'll never be royals **(royals).**

It don't run in our blood,

That kind of lux just ain't for us.

We crave a different kind of buzz.

Let me be your ruler **(ruler),**

You can call me queen Bee

And baby I'll rule, I'll rule, I'll rule, I'll rule.

Let me live that fantasy.

My friends and I—we've cracked the code.

We count our dollars on the train to the party.

And everyone who knows us knows that we're fine
with this, (that we're fine with this,)

We didn't come from money.

Pre-Chorus

But every song's like gold teeth, grey goose, trippin'
in the bathroom

Blood stains, ball gowns, trashin' the hotel room,

We don't care, we're driving Cadillacs in our dreams.

But everybody's like Cristal, Maybach, diamonds on
your timepiece.

Jet planes, islands, tigers on a gold leash.

We don't care, we aren't caught up in your love
affair.

Chorus

And we'll never be royals (royals).

(Ooh) It don't run in our blood,

(Ooh) That kind of lux just ain't for us.

(Ooh) We crave a different kind of buzz.

Let me be your ruler (ruler),

You can call me queen Bee (queen bee)

And baby I'll rule, I'll rule, (I'll rule), (I'll rule).

Let me live that fantasv.

Oh oh oh

(Oh) We're bigger than we ever dreamed,
And I'm in love with being queen.

Oh oh oh

(oh) Life is great without a care
We aren't caught up in your love affair.

And we'll never be royals (royals) (Gold Teeth Grey
goose, trippin in the bathroom)

It don't run in our blood, (it don't run in our blood)
That kind of lux just ain't for us.

We crave a different kind of buzz.

Let me be your ruler (ruler) (Blood stains, ball gowns,

Five hundred twenty-five thousand six
hundred minutes

Five hundred twenty-five thousand moments so dear

Five hundred twenty-five thousand six hundred
minutes

How do you measure, measure a year?

In daylights, in sunsets

In midnights, in cups of coffee

In inches, in miles

In laughter, in strife > In

Five hundred twenty-five thousand six hundred
minutes

How do you measure a year in the life

How about love? (x3)

Measure in love

Seasons of love (x2)

minutes

[ooh] Five hundred twenty-five thousand

Journeys to plan

[ooh] Five hundred twenty-five thousand six hundred minutes

Of a woman or a man?

[ooh] In truths that she learned
Or in times that he cried

[ooh] In bridges he burned
Or the way that she died

It's time now to sing out

Tho' the story never ends

Let's celebrate

Remember a year in the life of friends

Remember the love (x3)

I thought that I've been hurt before

But no one's ever left me quite this sore

Your words cut deeper than a knife

Now I need someone to breathe me back to life

[Pre-Chorus]

Got a feeling that I'm going under

But I know that I'll **make it out alive**

If I quit calling you my lover

And move on

[Chorus]

You watch me bleed until I can't breathe

Shaking falling onto my knees

And now that **I'm without your kisses**

I'll be needing stitches

Tripping over myself

Aching begging you to come help

And now that **I'm without your kisses**

I'll be needing stitches

Just like a moth drawn to a flame

Just like a moth drawn to a flame

Oh you lured me in I couldn't sense the pain

Oh you lured me in I couldn't sense the pain

Your bitter heart cold to the touch

Now I'm gonna reap what I sew

I'm left seeing red on my own

[Pre-Chorus]

[Chorus]

[Interlude]

Needle and the thread, Gotta get you out of my head

The sun burns across the sky line,
A new day is starting again
But before all the crowds become too loud
I stop to take a moment
To breathe in the morning's embrace
Clear skies, fresh eyes, surprises wait for me]

Oh Oh and I won't waste this chance to meet my
destiny and dance]

Oh Oh Make the most of every moment, brother,
sister

Everybody! <<<

[Chorus]

It's written all across the sky

Perfect art in a new sunrise →

And now's the time to shine

It melts the dew and warms the heart

The sun is up for a brand new start →

And now's the time to | shine

Yes now's the time to | shine (x2 after bridge)

Each morning I wake up believing

That this day is the start of the rest of my life→

The time is now to turn it all around

I wonder what it would be like

If we cared for others like ourselves

In unity there is more to life than me

Pre-chorus

Find the gold within the heart next door

Viva La Vida

I used to rule the world

Seas would rise when I gave the word

Now in the morning I sleep alone

Sweep the streets I used to own

Aah, aah, aah, aah

[sops continue to aah through next verse]

I used to roll the dice

Feel the fear in my enemy's eyes

Listened as the crowd would sing

Now the old king is dead long live the king

One minute I held the key (aah)

Next the walls were closed on me (aah)

And I discovered that my castles stand (aah)

Upon pillars of salt and pillars of sand (aah)

[Chorus 1]

I hear Jerusalem bells a-ringing

Roman cavalry choirs are singing

Be my mirror, my sword and shield

My missionaries in a foreign field

For some reason I can't explain

Once you'd gone there was never

Never an honest word

But that was when I ruled the world

It was a wicked and wild wind

Blew down the doors to let me in

Shattered windows and the sound of drums

People couldn't believe what I'd become

Revolutionaries wait

For my head on a silver plate

Just a puppet on a lonely string

Oh who would ever want to be king?

[Chorus 2]

I hear Jerusalem bells a-ringing

Roman cavalry choirs are singing

Be my mirror, my sword and shield

My missionaries in a foreign field

For some reason I can't explain

I know St Peter won't call my name

Never an honest word

But that was when I ruled the world

Oh, etc. | Ah, etc.

[Chorus 2]

Mmm, mmm, mmm.

Watch Me Fly

Underscore = sopranos

Bold = altos

Blue = men

Red = solo

Days filled with failures and fears

Voices that bring me down ring in my ears

Reminding me of where I've been

But I am not defined by this, there's more than these
tears

This is not all that we can achieve

Just close your ears and dare to believe

[Chorus]

Step after step, day after day

I'm walking out into the unknown, and I'm not afraid

This one-way trip once more round the sun

Another year for me to come alive

My time has come, watch me fly

Ooh

I've spent too much time in these chains

Tied down with my own regret time and again

I won't lose a minute more

I'll spread these wings and catch the breeze, it's time
to soar

There's so much more to life than we know

So open your heart, it's time to let go

[Chorus]

It's time to fly way up high

Put on my wings, no more strings,

I'm alive and I'm free, I was born just to fly

It's time to fly way up high

Put on my wings, no more strings,

I'm alive and I'm free, I was born just to fly, fly, fly

[Chorus]

Come watch me fly (x3)

Come watch me fly, fly, fly (x2)

Doo... (Doo doo...)

(Doo doo...) **Everybody** loves the things you do, from
the way you talk (ah)

To the way you move (oo)

(Doo doo...) **Everybody** here is watching you

(Doo doo...) 'Cause you feel like home

You're like a dream come true

Oh woah

But if by chance you're here alone (oo/doo doo...)

Can I have a moment before I go?

oh woah (doo doo.../oo) **'Cause I've been by myself**

all night long

Hoping you're someone I used to know

You look like a movie [dat dat...]

You sound like a song [dat dat...]

My God, this reminds me [dat dat...]

Of when we were young [dat dat...]

Let me photograph you in this light

In case it is the last time

That we might be exactly like we were

Before we realized

We were sad of getting old, It made us restless

(ooh) It was just like a movie, It was just like a song

[doo doo...] I was so scared to face my fears

[ah oo] Nobody told me that you'd be here

[doo doo] And I swear you moved overseas

That's what you said, when you left me

You still look like a movie [dat dat...]

You still sound like a song [dat dat...]

My God, this reminds me [dat dat...]

Of when we were young [dat dat...]

Let me photograph you in this light

In case it is the last time

That we might be exactly like we were

Before we realized

We were sad of getting old, It made us so restless

[oo] It was just like a movie, it was just like a song

When we were young

When we were young

When we were young

When we were young

[doo doo...] It's hard to win me there

Everything just takes me back

To when you were there, to when you were there

And a part of me keeps holding on

Just in case it hasn't gone, I guess I still care

Do you still care?

It was just like a movie, it was just like a song

My God, this reminds me of when we were young

When we were young [4x]

(Descant thru next section: When we were young...)

Let me photograph you in this light

In case it is the last time

That we might be exactly like we were

Before we realized

We were sad of getting old, It made us so restless

Oh I'm so mad I'm getting old, It makes me reckless

(oo ah oo ahh) It was just like a movie, it was just like
a song

When we were young

I've been here before

But always hit the floor

[ooh] I've spent a lifetime running

And I always get away

[ooh] But with you I'm feeling something

That makes me want to stay

I'm prepared for this [I'm prepared for this]

I never shoot to miss

But I feel like a storm is coming

If I'm gonna make it through the day

Then there's no more use in running

This is something I gotta face

[Pre-Chorus]

If I risk it all

Could you break my fall?

[Chorus]

How do I live? How do I breathe?

When you're not here I'm suffocating

I want to feel love, run through my blood

Tell me is this where I give it all up?

For you I have to risk it all

Cause the writing's on the wall

A million shards of glass

That haunt me from my past

As the stars begin to gather

And the light begins to fade

When all hope begins to shatter

Know that I won't be afraid

[Pre-Chorus]

[Chorus with men added to 1st half: oo, I want to feel love]

The writing's on the wall

How do I live? How do I breathe?

When you're not here I'm suffocating

I want to feel love, run through my blood

Tell me is this where I give it all up?

How do I live? How do I breathe?

When you're not here I'm suffocating

I want to feel love, run through my blood

Tell me is this where I give it all up?

For you I have to risk it all
